Nitro Classes: Sport 40, 1/8 Scale, B Hydro, D Hydro, E/F Hydro.

Only \$10 per boat per class entered. All IMPBA rules apply. IMPBA cards will be checked upon check in on race day. Minimum of 3 boats per class required for class to be run. 3 Rounds of racing. Digital/Audio clock used to start races. If using AM or FM frequency, alternate frequency required. Radios must be kept in impound area. Engines not to be started until 9:00AM. Racing begins at 9:00am.

The Ash Township Pond is located at 1677 Ready Road Carleton, MI 48117. The pond is located behind the Ash Township Hall. From I-275 take exit 5 and go West on Carleton-Rockwood Rd. Turn South on Grafton Rd. Take Grafton to Ready Rd. turn left onto Ready Rd. the pond is on the left just after the I-275 overpass. This pond is located down in a hole. The drivers stand area is approximately 12 feet above the water and offers a great view of the race course. There is a stair case between the upper level of the pond where the cold pits will be located and the lower bank where the hot pits will be located. Many new improvements to this site have recently been completed at the pond site. . No camping or open fires allowed. A Paved walking path is located around the entire pond, and there is a play ground adjacent to the pond. See our web site: www.motorcitymodelboatclub.us for more information.
